What should be complete before I Roll Forward?

- Make sure your existing year's articulation is as complete as possible *before* completing your Roll Forward

When to Roll Forward

- It's up to you! Tip: queue at the end of your workday.
- Recommended to complete sometime before the new academic year begins during spring or summer

What if I have a new articulation *after* Rolling Forward?

- You'll need to update your data in **both** academic years

Template Variants

- What scenario can Template Variants help address?
 - You want to list your major on assist.org but the content on your side of the agreement varies, depending on where the student is transferring from

- MOD keeps track of your variants.
 - When it's time to publish to assist.org, there's no extra tracking needed

Templates - Variants

● How does it work?

1. Make a copy of an existing template
2. Name the copy
3. Assign the copy to the desired CCCs
4. Modify the copy – it is now separate from the main template
